Great If You Like Giving Back: RBC Wealth Management Downtown DC

Total staff: 88,000 (140 in DC region).

While the stock market may have its ups and downs, the people managing investments at this Minneapolis-based firm are about as steady as they come—the average tenure in the DC office is an astounding 17.8 years. One thing that keeps people there: As an office, they give back frequently to the community. Employees can get involved in charitable events every month, and they tend to raise more than \$300,000 annually for local charities.
